We created this guide covering all of the available health insurance and prescription drug coverage programs in your state so you can take care of your health without worrying about the cost. Included in the guide are the benefits details, eligibility requirements, and application processes for available health insurance and prescription drug coverage programs for seniors in your state.

# Financial Assistance for Senior Living & Senior Care

The population of seniors in Wyoming is growing at a rapid rate. Between 2018 and 2019, it increased by 3.8%, and as of 2021, those aged 65 or over accounted for more than 17% of the population. Many of these older adults will find themselves needing long-term care or skilled nursing at some point in their lives. Covering the cost of this type of care can be a challenge for some families.

Fortunately, Wyoming offers a variety of programs to help older adults access the care they need. These programs may cover all or part of the cost of assisted living or nursing home care and related services.

## Medicaid

The Wyoming Medicaid program is a state and federally funded program that can cover the cost of care for certain low-income or medically needy individuals. For Medicaid to cover the cost of nursing home care, the senior must pass a functional needs assessment.

## How to Apply

Seniors can apply for Medicaid by calling (855) 294-2127. Alternatively, applications are accepted via the online WY Medicaid Portal. Paper applications can also be obtained online or in person from the Wyoming Department of Health Customer Service Center, 3001 E. Pershing Boulevard, Suite 125, Cheyenne, WY 82001.

## Eligibility

To be eligible for Medicaid, individuals must meet certain income and asset criteria as well as any clinical need requirements for the level of Medicaid they're applying for. In addition, there are some basic eligibility requirements for all Medicaid tiers. Applicants must:

- Be aged 65 or older (or living with a disability)
- Be a U.S. citizen

To qualify for the institutional/nursing home level of Medicaid, seniors must meet the following income and asset requirements.

	Asset Limit	Income Limit

## Medicare

Medicare is the federal health insurance program for older adults (65+) and some younger people with disabilities. Part A, which covers inpatient care, may also cover medically necessary care delivered in a skilled nursing facility.

### How to Apply

To apply for Medicare online, visit the Social Security Administration website, agree to the terms of service and fill out the application. To apply by telephone, call (800) 772-1213. If you prefer to apply in person, use the SSA office locator to find a nearby Social Security office.

### Eligibility

You may qualify for Medicare coverage if any of the following apply:

- You're at least 65 years old.
- You have end-stage renal disease.
- You're under age 65 and have a disability.

If you or your spouse worked and paid Medicare taxes for at least 10 years, you qualify for premium-free Part A coverage. You may also qualify for premium-free coverage if you've been receiving disability benefits for at least 24 months, you're on kidney dialysis or you need a kidney transplant.

## Community Choices Waiver

The Community Choices Waiver is a Home and Community-Based Services Waiver that covers the cost of personal care assistance, skilled nursing and other support for seniors. It's aimed at seniors who require nursing home levels of care and gives them the support they need to continue living safely and with a high quality of life either

in their own homes or in an assisted living facility. The waiver includes an In-Home Participant-Directed option, which allows those who are interested in doing so to choose their own care providers and have a higher level of control over the services they receive. Seniors can hire a friend or relative to provide personal care support under the In-Home Participant-Directed option.

Those who do not wish to self-direct their care can nominate someone to manage care services on their behalf.

### **How to Apply**

The Community Choices Waiver is not an entitlement program. This means there may be a waiting list, and not everyone who meets the eligibility criteria will automatically be accepted. Seniors can apply by calling the Division of Healthcare Financing Long-Term Care Unit at (855) 203-2936. Alternatively, applications are accepted online via the Wyoming Department of Health website. Seniors can call (855) 203-2823 for advice and support with the application process.

### **Eligibility**

To qualify for the Community Choices Waiver, seniors must meet the eligibility requirements for Medicaid in Wyoming. They must also meet medical eligibility requirements, meaning they have been assessed as requiring a nursing home level of care and that the support they receive through the waiver would allow them to continue living in the community. Seniors whose income exceeds the limit may still be able to qualify for this waiver by using a qualified income trust to bring their available income to a level within the limits.

## Medicaid

Medicaid helps low-income individuals access free or low-cost health services. It can be used to cover the cost of many treatments, prescription medications and durable medical devices. There are several tiers of Medicaid based on the level of care the individual needs, and each tier offers various levels of support and has different eligibility requirements.

<b>Couples</b>	\$3,000 Community asset disregard if only one person is applying	\$14,592

### How to Apply

## Medicare Advantage

Original Medicare is managed by the federal government, but Medicare Advantage Plans are sold by private insurance companies. Each plan must offer at least the same amount of coverage as Original Medicare, but many insurers offer extra benefits to make their plans more attractive to consumers.

## Eligibility

Original Medicare doesn't cover most prescription drugs, so you may want to enroll in Medicare Part D, a supplemental plan that pays for a wide range of medications. Each plan has a formulary that explains how much coverage is provided for each type of drug. Most Medicare Advantage Plans include prescription drug coverage, and you can't enroll in Medicare Part D if you have a Medicare Advantage Plan that pays for prescription medications.

## How to Apply

Use the Find a Medicare Plan tool on Medicare.gov to find a plan that meets your needs. When you're ready to enroll, contact the plan directly for instructions on applying for coverage.

## Eligibility

To qualify for Medicare Part D, you must be enrolled in Medicare Part A and Medicare Part B (Original Medicare) or one of the few Medicare Advantage Plans that doesn't cover prescription drugs.

## Medicare Savings Programs

Wyoming offers three Medicare Savings Programs. These programs help seniors cover the cost of their Medicare premiums, co-pays and deductibles.

- **Qualified Medicare Beneficiary Program:** This MSP helps pay for Medicare Part A/Part B premiums, Part A/Part B deductibles and Part A/Part B coinsurance.
- **Specified Low-Income Medicare Beneficiary:** The SLMB program helps pay Medicare Part B premiums.
